ON-SCENE COORDINATOR'S REPORT, Removal Action at the Lusher Street Site, Elkhart, Indiana (Site ID #AB)

Kenneth M. Theisen, On-Scene Coordinator  
Emergency and Enforcement Response Branch

Timothy Fields, Director  
Emergency and Enforcement Response Division (WH-548B)

THRU: Basil G. Constantelos, Director  
Waste Management Division

Attached please find the On-Scene Coordinator's (OSC) report for the removal action at the Lusher Street Site located in Elkhart, Indiana. This report follows the format outlined in the National Contingency Plan (NCP). The removal action took place from October 30, 1987 through October 31, 1988.

The site posed an imminent threat to human health and the environment and met the criteria established in Section 300.65 of the NCP. The removal action conducted by the United States Environmental Protection Agency (U.S. EPA) alleviated the threat to public health posed by private wells contaminated by 1,1,1 - Trichloroethane (TCA) and other volatile organic chemicals.

Costs under the control of the OSC totalled \$45,037.14, of which \$26,157.14 were Emergency Response Cleanup Services contractor costs, and \$10,886.97 were for Technical Assistance Team contractor costs (analytical and OSC support). U.S. EPA direct costs were \$7,993.03. U.S. EPA indirect costs amounted to \$16,294.50, bringing the project total to \$61,331.64.

This site is not on the National Priorities List.

Attachment.
